Dear Ms. Roberts,

I'm interested in applying for the sales director position with West Light Financial. With over 10 years of sales experience in the financial services industry, I can offer a unique perspective to aid your organization. While working as the director of sales for Cromwell Investment Partners, I improved annual sales by over 200% for a firm generating over \$40 million in annual revenue. My expertise in sales strategy would be a strong asset to your company.

West Light Financial has a reputation for honesty and integrity in its business practices, which strongly aligns with my professional values. As a sales director in financial services, I strive to cultivate long-term relationships with clients built on trust and integrity. My sales leadership background can help your company continue to grow this reputation based on my career achievements:

- Oversaw sales strategy and operations for a \$40 million investment firm, led introductory meetings with clients to provide education on financial product offerings, and delivered detailed presentations on the benefits of investment management solutions
- Served as the point of contact for 40 client accounts valued at \$150,000 to \$4 million and established trust and transparency to build long-term business relationships
- Improved annual sales revenue by 200% over three years by expanding the sales organization and delivering comprehensive training to enhance close rates

I hope to speak with you further regarding how my sales experience in financial services can benefit your organization. Feel free to contact me via phone or email for any additional questions you may have about my background. I appreciate your time and consideration.

Sincerely,
