## PROFESSIONAL EXPERIENCE

### LICENSED PRACTICING NURSE

Community Hospital, Canton, OH  
January 2014 - Present

- Provide basic nursing care under the supervision of Registered Nurses and physicians, including taking vital signs and distributing medication
- Coordinate patient plans with other members of the nursing staff, including following doctor orders and organizing visitation schedules
- Oversee nutritional needs of patients, ensuring diets comply with treatment plans and are healthy enough to support recovery
- Report findings, including abnormal vital signs and changes in condition, to the registered nurse in charge of the floor or unit

### CERTIFIED NURSE'S AIDE

Sunflower Senior Living Center,  
Kent, OH  
June 2010 - December 2013

- Supported overall patient wellness, including listening to patient needs, providing communication to floor nurses, and notifying appropriate personnel when patient circumstances worsen
- Assisting patients with basic functions, including bathing, using the bathroom, dressing, and eating
- Administered medication and treated wounds as needed
- Took vital signs and tracked wellness in charts for use by medical personnel
- Assisted with programming, including helping patients get to meals, encouraging engagement in movie or game nights, and providing support during fitness classes
