- Symptom assessment
- Medication administration
- Therapeutic communication

## Licenses

- Registered Nurse, State of Maryland, License#
- EMT, State of Maryland, License#
- CPR Certified, 2019

## Education

### Associate of Nursing

*Baltimore City Community College, Baltimore, MD, September 2017-June 2019*

- Completed clinical rotations under the guidance of a licensed RN, earning a reputation for excellence with comments such as, "Bill is an excellent clinician. Any team would find him to be an asset"
- Averaged 18 patients treated per day, more than double the average for other nursing students

## Professional Experience

### Student Nurse Practicum, ABC Health, Silver Spring, MD

*January 2018 - May 2019*

- Completed 150 hours of clinical practice under the guidance of a licensed RN, working with an average of 12+ patients each day
- Performed vitals monitoring at admissions and throughout the day in accordance with the documented care plan
- Kept detail-oriented notes about patient care, updating records quickly and accurately

### EMT, ABC Health Transport, Baltimore, MD

*May 2017-Present*

- Worked with patients and others on the scene to assess patient condition using verbal and physical exams
- Used physical exams and limited information about medical histories to identify potential underlying issues that might be causing the crisis
- Monitored patients during transports, staying alert to changes in condition and revising the care approach as needed
