44 Port Road, Fargo, ND 44567

Profile

Dedicated civil engineer with 14+ years' experience in all phases of engineering operations. Brings skills in project management and land development planning to help design cost-effective and environmentally conscious infrastructure solutions for cities. Consistently finishes projects ahead of schedule and under budget.

Professional Experience

Senior Civil Engineer, City of Davidson, Davidson ND

May 2014 – Present

- Lead 20 project employees, including in-house, external contractors and sub-contractors, to ensure projects are completed in a safe, timely manner
- Perform drafting according to specifications, ensuring designs comply with project and legal requirements
- Attend meetings and discuss project details with contractors, city officials, and stakeholders, including members of the public
- Prepare detailed cost estimates and develop designs for transport systems

Civil Engineer, RSA Engineering, Fargo ND

July 2004 – April 2014

- Wrote daily detailed plans and reports for quality assurance purposes
- Produced and issued precise technical specifications and data sheets
- Collaborated with contractors and clients as the on-site engineer for large projects, helping direct them to completion on time
- Inspected inventories and prepared orders for materials in line with budgeted figures averaging \$1 million

Education

Master of Science in Civil Engineering

Georgia Institute of Technology, Atlanta, GA, September 2002 – June 2004

Bachelor of Science in Engineering

Thayer School of Engineering at Dartmouth, Hanover, NH, September 1998 – June 2002

Key Skills & Proficiencies

- Analytical skills
- City of Fargo building codes
- Communication skills
- Computer-aided design software, including AutoCAD and Civil 3D

- Leadership
- Problem solving
- Project management
- Technical documentation

Certifications

- Licensed Professional Engineer, Civil Engineering, North Dakota, 201
