## Profile

Experienced nursing professional with ten years working in a CNA and LPN capacity. Practice experience includes both inpatient and outpatient facilities including senior care. Seeking an internship as a part of a BSN to RN program to further nursing education and improve patient care across hospital facilities.

## Professional Experience

### **Licensed Practicing Nurse, Community Hospital, Canton, OH**

*January 2014 - Present*

- Provide basic nursing care under the supervision of Registered Nurses and physicians, including taking vital signs and distributing medication
- Coordinate patient plans with other members of the nursing staff, including following doctor orders and organizing visitation schedules
- Oversee nutritional needs of patients, ensuring diets comply with treatment plans and are healthy enough to support recovery
- Report findings, including abnormal vital signs and changes in condition, to the registered nurse in charge of the floor or unit

### **Certified Nurse's Aide, Sunflower Senior Living Center, Kent, OH**

*June 2010 - December 2013*

- Supported overall patient wellness, including listening to patient needs, providing communication to floor nurses, and notifying appropriate personnel when patient circumstances worsen
- Assisting patients with basic functions, including bathing, using the bathroom, dressing, and eating
- Administered medication and treated wounds as needed
- Took vital signs and tracked wellness in charts for use by medical personnel
- Assisted with programming, including helping patients get to meals, encouraging engagement in movie or game nights, and providing support during fitness classes

## Education

### **Bachelor of Science in Nursing**

*The University of Akron, Akron, OH, August 2017 to May 2021 (anticipated)*
