- Critical thinking and problem-solving

Education

Bachelor of Science in Computer Science

University of Pittsburgh, Pittsburgh, PA, August 2016-May 2020

Job Experience

Intern, XYZ Systems, Pittsburgh, PA

September 2019 – May 2020

- Worked as part of a development team to implement RESTful APIs in Django that helped internal analytics team increase reporting speeds by 19%
- Participated in client-based project to test operating systems-level software, and implemented more than 50 bug fixes in a three-month period
- Collaborated with supervisor to successfully debug auto-login issues in GUI for regression platform

Tutor, University of Pittsburgh Academic Support Services, Pittsburgh, PA

January 2019 - May 2020

- Provided tutoring services to approximately 15 students per semester for 100- and 200-level Computer Science courses
- Assisted students by reviewing projects and homework assignments, and providing constructive guidance and feedback. On average, students saw their in-class GPAs increase by 4 points following tutoring.
