Profile

Nursing student with anticipated graduation date of December 2020. Extensive experience providing direct patient care first as a certified nursing assistant and then as a student nurse in a BSN program. Received "exceeds expectations" rating on clinical evaluation, with scores of 5/5 in the categories of patient communication and ability to collaborate effectively with other medical professionals.

Key Skills

- Specialized experience providing direct care to pediatric and adolescent patients
- Strong ability to collaborate with registered nurses, nursing supervisors and positions to ensure every patient receives quality care
- Extensive experience conducting patient assessments and developing care plans based on their results
- Ability to explain complex medical conditions to patients in a way that they can understand
- Excellent communication skills, particularly with regard to patient and family education

Education

Bachelor's of Science in Nursing Candidate, 3.8 GPA

University of Scranton, August 2016 - Present

Completed coursework:

- Anatomy and physiology
- Pharmacology, including dosage calculations
- Community and environmental nursing

Professional Experience

Student Nurse, Community Medical Center, Scranton, PA

January 2020 - May 2020

- Provided direct care to patients in the pediatric unit of a community hospital
- Developed skill in placing intravenous lines and catheters in pediatric patients
- Utilized examination, observation and interviewing skills to assess patient well-being

Certified Nursing Assistant, Regional Hospital of Scranton, Scranton, PA

February 2017 - December 2019

- Assisted patients with activities of daily living, such as toileting and bathing
- Recorded patient intakes and outputs in the Cerner EMR system
- Created a clean, safe environment for patients by changing bed linens, emptying bedside commodes and removing fall hazards from patient rooms
