A dental hygienist with 10+ years of experience performing oral care procedures in a high-volume clinical environment. A strong history of educating patients on oral care techniques to promote long-term health. Adept at communicating effectively with a wide range of patients to reduce anxiety and discomfort.

Key Skills

- Oral care techniques
- Patient care
- Dental radiography
- Dental hygiene
- Communication
- Patient education

Professional Experience

Dental Hygienist

Smile Makers Dental Services, Philadelphia, PA | November 2016 – Present

- Build positive relationships with patients, communicate empathetically to reduce anxiety during procedures, and achieve a 90% patient satisfaction rating
- Perform oral cancer screenings, administer dental radiographic studies, and conduct routine cleanings for a diverse range of patients
- Conduct teeth cleanings for patients ranging in ages 2 to 18, remove plaque and hard deposits, conduct flossing, and apply fluoride treatments or sealants as needed

Dental Hygienist

Smile Right Dentistry, Philadelphia, PA | June 2013 – November 2016

- Delivered compassionate, high-quality dental care to a broad range of patients, provided education on dental hygiene, and communicated with patience and understanding
- Recorded and assessed patient dental health and status, including number of teeth, changes in dental health, and areas of concern
- Cleaned deposits and stains from patients' teeth and beneath gum margins, conducted oral cancer screenings, and administered dental radiographic studies

Education

Associate of Science (A.S.) Dental Hygiene

Delaware County Community College, Media, PA – June 2013

Certifications

Dental Hygienist, State of Pennsylvania, License #12345
