- Certified Welder (CW), AWS, 2013

A Certified Welding Supervisor with 10+ years of experience supporting multi-million-dollar construction projects. A proven track record of leading high-performance teams and ensuring compliance with quality control standards. Adept at performing comprehensive welding inspections and interfacing with client stakeholders.

PROFESSIONAL EXPERIENCE

Certified Welding Supervisor

Cormac Construction Co., Philadelphia, PA | August 2017 – Present

- Lead a dynamic team of 15 welders to perform pipeline welding and assembly for commercial and residential building projects valued at up to \$1.7M
- Coordinate with the production fabrication lead to evaluate diagrams, blueprints, and specifications, conduct welding inspections, and ensure adherence to quality control standards and deadlines
- Deliver OSHA safety training to 30+ personnel, ensure proper usage of personal protection equipment, and maintain an accident-free work site for two consecutive years

Pipeline Welder

Kennebec Energy Solutions, Philadelphia, PA | June 2013 – August 2017

- Dismantled, straightened, and assembled metal pipes for residential construction projects and utilized arc and gas welding techniques in compliance with OSHA safety standards
- Evaluated completed welding work for flaws or damage, delivered status updates to the construction manager, and provided detailed work reports and material logs
- Provided on-call and emergency response support to five work sites
