Professional Experience

Assistant Airport Manager

Boston Logan International Airport, Boston, MA January 2016 – Present

- Training employees on customer service, confrontation avoidance, and compliance, resulting in 30% fewer negative customer interactions in 2018 and 2019
- Helping ensure compliance with company, airport, and FAA regulations and policies
- Working with the airport manager to set up training schedules for employees
- Helping the airport manager negotiate contracts with vendors, saving the airport 25% in office supply costs and over \$2 million in food service-related costs

Senior Assistant to Airport Manager

Shenandoah Valley Regional Airport, Weyers Cave, VA December 2010 - November 2015

- Assisted airport manager in short- and long-term planning and marketing of airport services, securing five new vendors
- Helped prepare budgets, oversaw capital projects and maintained leases with tenants, cutting capital overhead costs by 14% between 2012-2015
- Prepared reports of daily airport operations
- Responded to aircraft emergencies, averted a runway crash in 2011

Airport Operations Coordinator

Shenandoah Valley Regional Airport, Weyers Cave, VA October 2008 - December 2010

- Ensured safe, efficient flow of passengers throughout terminals
- Inspected airport facilities for safety compliance
- Helped devise and implement airport emergency plan
