Antonia Meyers

Principal
Balboa Middle School
(987) 654-3210
ameyers@email.com

Dear Ms. Meyers,

My most significant achievement as a teacher so far was improving the pass rate for disadvantaged students in my classes by 40% in 2020, narrowing the attainment gap. I hope to help the students at Balboa Middle School make the best possible progress.

I have eight years of experience teaching diverse cohorts in California middle schools and am passionate about helping students with SEN, EAL, and other barriers to learning success. I feel that Balboa Middle School is the perfect environment for me to showcase my skills and experience.

My other key career achievements include:

- Designing exciting curriculums to improve student engagement and participation
- Achieving a pass rate of over 90% for the past four years
- Supporting student teachers to widen their subject knowledge and develop their classroom management

I would love to arrange an interview to talk about how my previous experience can benefit the students at your school. Please don't hesitate to get in contact to arrange a convenient date.

Sincerely,

Akeem Flynn

P.S. I look forward to sharing how I used extra-curricular activities to improve STEM participation.
