Dear Ms. Moore,

While completing my bachelor's degree, I undertook a medical placement at Mercy Miami Hospital, where I was singled out as the most efficient nurse among my cohort. I believe my aptitude for nursing comes from my dedication to the occupation, strong work ethic, and natural compassion. For that reason, I believe I would be a great addition to the Miami Health nursing team.

I was first drawn to the nursing role at Miami Health because of the hospital's reputation for excellence and mission to provide superior health care to every patient within a comfortable environment. I am a skilled and passionate nurse who puts patient care at the forefront, and for that reason, I believe I can help Miami Health achieve its mission. To further demonstrate my nursing competency, my achievements include:

- Managing a caseload of 20 patients per day
- Ensuring my patients were in the 99th percentile for lack of falls
- Being commended for my clinical capabilities in cardiac monitors, transfusions, phlebotomy, and IV placements

I would like to arrange an interview to further discuss how my clinical skills can help your team. I am available to speak at your convenience.

Best regards,

Michael Cox

P.S. I'd also love to tell you why I was nominated for a Nursing Student Nurse Award by the RCNii.
