Sophia Ennis
Senior Hiring Manager
Children's Home Society of Florida
(876) 543-2109
s.ennis@youreemail.com

Dear Ms. Ennis,

Receiving a letter of thanks from a family for helping them to access housing assistance was the proudest achievement of my practicum placement. I hope to help transform the lives of vulnerable children and improve their opportunities as a family assessment worker at the Children's Home Society of Florida.

As a passionate and caring individual with excellent knowledge of local resources, your organization's goal to encourage and empower families in challenging circumstances appeals to me. I hope my recent achievements demonstrate that I can be an asset to your assessment team. These include:

- Receiving full marks for the infant and child development module at JSU.
- Providing education for a vulnerable family during my placement to help them create a healthy meal plan to support their toddler's development.
- Ranking among the top 5% of my cohort for practice-informed research.

I look forward to meeting to discuss how my abilities make me a good fit for the fast-moving environment at the Children's Home Society of Florida. I am available to attend an interview at a time that is convenient for you.

Sincerely,

Paige Sparkes

P.S. I would love to explain how I achieved a consistent score of 95%+ for assessing individuals and families.
