Dear Ms. Fletcher,

My compassion for elderly individuals, eagerness to learn, and level-headedness caught the attention of my nursing assistant instructors at Chipola College. Having discovered your opening for entry-level Certified Nursing Assistants, I am excited to offer my commitment to excellence and recently acquired skills to enhance your patients' well-being and the reputation of Miller Senior Care.

While taking the nursing assistant program, a selective admission program, I learned to identify and address the basic needs of older patients and help them maintain their dignity. My courses have empowered me to:

- Acquire insights and skills to support elders physically and emotionally
- Earn three commendations from my instructors for teamwork, willingness to go beyond expectations, and efficiency
- Obtain CPR certification

I welcome the opportunity to meet with you and discuss how I can contribute to the ongoing success and growth of Miller Senior Care as a Certified Nursing Assistant. Please contact me at your convenience to schedule an in-person or virtual interview.

Best regards,

Blanche Dickinson

P.S. — I'd love to share with you how helping to care for my ailing grandfather inspired me to pursue a career as a nursing assistant.
