Empathetic critical care nurse with 1+ years of experience providing dignified and attentive care in a large hospital emergency room department. Warm interpersonal style with a talent for reassuring distressed patients and explaining complex information clearly. Detailed clinical knowledge and a comprehensive understanding of emergency medical procedures and processes.

PROFESSIONAL EXPERIENCE

Emergency Room Nurse

Beebe Healthcare, Dover, DE | July 2019 - Present

- Collect blood and urine samples from admitted patients and label them for processing, achieving a 100% accuracy rate in 2020
- Arrange and facilitate specimen transfers to the hospital's laboratory or external premises
- Maintain a rigorously clean and tidy treatment environment according to the hospital's infection control protocols, collaboratively reducing MRSA contagion by 32% over six months
- Independently manage cases where the injury or illness isn't life-threatening, administering medication and cleaning and dressing wounds

Nurse Preceptorship Placement

Bayhealth Hospital, Dover, DE | January 2019 - May 2019

- Leveraged pressure relief mattresses and devices for bedbound patients, reducing cases of bedsores by 23%
- Assisted with medication rounds and applied topical creams and ointments, maintaining accurate dosage records
- Performed routine observations of vital signs and escalated concerns, receiving praise 3x during assessments for sound judgment
- Inserted cannulas for IV fluids and medication, successfully establishing 98% of lines within two attempts
