## PROFILE

Diligent senior emergency room nurse with 8+ years' experience providing critical care in busy hospitals. Expert knowledge of care management with a talent for creating patient-focused action plans through interdepartmental collaboration. Warm interpersonal style with excellent communication skills.

## PROFESSIONAL EXPERIENCE

### Senior Emergency Room Nurse

University of Utah Medical Group, Salt Lake City, UT |  
September 2014 - Present

- Deploy teams of up to 20 ER nurses according to task urgency, reducing understaffing incidents by 23% over 3 years
- Supervise student and newly-qualified nurses and deliver professional development sessions to ensure their comprehensive understanding of ER procedures and protocols
- Coordinate the department's admissions process, checking for accurate medical and cultural information for each patient
- Assist during life-threatening incidents, administering crucial medications, directing staff, and improving the response time by 12% last year

### Emergency Room Nurse

Intermountain Healthcare, Salt Lake City, UT | July 2012 -  
September 2014

- Assessed patients on admission to determine their physical and psychological health and gather a social history
- Worked collaboratively with teams of up to 7 practitioners to generate an emergency care plan and communicated the details at handover meetings
- Provided emotional support to parents and their families in challenging circumstances, receiving a consistent 98%+ satisfaction rating
- Met with interdisciplinary teams to determine discharge and transfer plans
