## PROFILE

A Supply Chain Analyst with 10 years of experience, specializing in supply chain management, data analytics, project management, and logistics. A proven track record of developing data models and metrics to enhance data-driven decision making for multi-million-dollar supply chains. Adept at interacting with C-level executives to lead change management initiatives.

## PROFESSIONAL EXPERIENCE

### Senior Supply Chain Analyst

Brooklyn Manufacturing, New York, NY | May 2016 – Present

- Oversee a 25-person supply chain team, lead change management projects, define workflows, and establish collaborative work cultures to empower team members and drive operational excellence
- Develop reporting metrics for a \$4M supply chain, evaluate KPIs, and implement strategies to improve the efficiency of procurement and sourcing operations, resulting in a \$300K reduction to the annual supply chain spend
- Perform complex data analysis on inventory management and ERP systems to reduce waste and enhance material handling procedures
- Attend meetings with the C-suite and supply chain department to conduct market forecasting, gather business intelligence, and define long-term strategies

### Supply Chain Analyst

Arlo Fleet Management Inc., New York, NY | June 2011 – May 2016

- Analyzed supplier performance data for a supply chain valued at \$2M, conducted demand forecasting, and evaluated data analytics to inform sourcing decisions
- Coordinated with cross-functional teams across finance, sales, procurement, and engineering to execute process improvement initiatives, resulting in a 15% improvement for lead time and a \$180K reduction in materials cost
