Professional Experience

Supply Chain Analyst Intern

Boston Materials Shipping Group, Columbus, OH January 2021 – June 2021

- Conducted data analysis on supply chain, inventory management, and transportation processes with a team of supply chain analysts and coordinators to identify continuous improvement opportunities, resulting in a 10% reduction in operating costs
- Completed training sessions on the company ERP software
- Attended meetings with the supply chain team to evaluate process gaps and optimize transportation routes to ensure customer success

Academic Projects

Supply Chain Analysis Project

Boston University, Boston, MA January 2021 – May 2021

- Conducted an academic project with a team of students to evaluate supply chain operations for a hypothetical business
- Used data analytics to identify flaws in the material shipping process and develop a process improvement plan to enhance operational efficiency
