- Cross-Functional Leadership

Professional Experience

Chief Information Officer (CIO)

Enterprise Cloud Corp., New York, NY | June 2016 – Present

- Define enterprise vision and technology roadmaps for a cloud-first organization in coordination with C-level executives, manage P&L valued at \$10M, and lead the implementation of Agile development methodology across the organization
- Build engineering and business intelligence teams from the ground up, recruit talent, provide mentorship, and establish a work culture centered on accountability
- Identify technology trends, develop overarching strategy, and provide recommendations to senior leadership to enhance the IT organization
- Conduct negotiations with vendors to secure optimal pricing for IT equipment and software purchases valued at \$300K-\$500K

IT Manager

Solaris Technology Inc., New York, NY | May 2011 – June 2016

- Supported the delivery of technology and business transformations for enterprise client accounts valued at \$3M-\$7M, which included interfacing with C-suite executives to develop strategies based on organizational needs and long-term business goals
- Managed an IT organization with 50+ personnel and coordinated with senior leadership teams to identify opportunities to reduce infrastructure and client acquisition costs

Education

Master of Business Administration (M.B.A.)

University of New York, New York, NY | May 2009 - May 2011

Bachelor of Science (B.S.) Information Technology

University of New York, New York, NY | September 2005 - May 2009
