PROFILE

A Financial Analyst with entry-level experience specializing in economics, finance, financial modeling, and accounting principles. A proven track record of developing and refining financial reporting for small and medium-sized businesses across various market verticals.

PROFESSIONAL EXPERIENCE

Entry-Level Financial Analyst

Boutique Fashion Co., New York, NY | May 2021 – Present

- Conduct financial reporting on monthly and annual performance of clothing products for a boutique fashion company, conduct forecasting, and provide financial insights to the business intelligence team to facilitate data-driven decision making
- Perform audits on operating costs for the business and identify opportunities to reduce expenses by 15% through the outsourcing of IT processes to an external vendor
- Coordinate with the accounting team to perform month-end and year-end close

ACADEMIC EXPERIENCE

Financial Analyst Projects

Columbia University, New York, NY | September 2020 – May 2021

- Developed financial documentation for a three-month simulation of a startup e-commerce business, which included translating hypothetical business events into financial reporting
- Created 12 pages of journal entries and financial statements using MS Excel, including reconciliations and month-end close
