PROFESSIONAL EXPERIENCE

SENIOR CHEMIST

Cadence Therapeutics Inc.,
New York, NY
May 2016 – Present

- Oversee 15+ large scale drug discovery projects valued at up to \$30M and lead cross-functional teams of 100+ biologists, medicinal chemists, SMEs, pharmaceutical scientists, and healthcare professionals to perform toxicology studies
- Design and synthesize molecules, and perform complex Vivo and Vitro studies to develop and validate new oncology and immunology products
- Manage laboratory operations to test and develop new pharmaceutical products using mass spectrometry, chromatography, and molecular modeling

CHEMIST

Pharma Research Corp.,
New York, NY
May 2011 – May 2016

- Identified continuous improvement opportunities for R&D, drug discovery, and medicinal chemistry functions for pharmaceutical research consulting firm, which included coordinating with cross-functional teams to improve time to market by up to 20%
- Conducted assays and toxicology testing on patient samples utilizing LC-MS and GC-MS laboratory equipment and performed data analysis on samples

EDUCATION

Doctor of Philosophy (Ph.D.)
Medicinal Chemistry
Columbia University, Columbia, NY
May 2006 - May 2011

Bachelor of Science (B.S.)
Chemistry
Columbia University, Columbia, NY
September 2002 - May 2006

KEY SKILLS

- Medicinal Chemistry
- New Product Development (NPD)
- Drug Discovery
- Mass Spectrometry
- Toxicology

CERTIFICATIONS

- Toxicological Chemist Certification, NRCC, 2013
- Clinical Chemistry Certification, American Board of Certified Chemists, 2011
