A certified Daycare Teacher with five years of experience specializing in child development, early childhood education, play-based learning, and behavioral analysis. A proven track record of creating a safe and nurturing learning experience to aid children in developing emotional, social, and basic learning skills for kindergarten.

Key Skills

- Child Development
- Play-Based Learning
- Curriculum Development
- Childcare
- Behavioral Analysis

Professional Experience

Daycare Teacher

Waterfront Daycare, Boston, MA | September 2018 – Present

- Develop curriculum and interactive learning activities to foster intellectual growth and drive the development of social skills, including using art, music, and physical activities to encourage children to explore subjects creatively
- Build and maintain positive relationships with parents, attend meetings to discuss student progress and behavioral conduct, and plan community and family events
- Oversee four teacher's assistants and childcare workers, ensure compliance with health and safety regulations, and provide training on Covid-19 safety protocols

Daycare Teacher

Learning Academy, Boston, MA | September 2016 – September 2018

- Planned and implemented curriculum for toddlers and infants and tailored activities to student interest and learning needs to drive cognitive development and social skills
- Performed student evaluations, monitored child development and progress, and attended meetings with parents to discuss learning strategies and classroom behavior

Education

Bachelor of Education (B.E.) Early Childhood Education

Boston University, Boston, MA September 2012 - May 2016

Certifications

- Child Development Associate (CDA) Certification, 2016
- CPR Certified, American Heart Association, 2016
