PROFESSIONAL EXPERIENCE

CLINICAL RESEARCH ASSOCIATE

Heart and Wellness Research Firm,
Miami, FL
September 2019 – Present

- Coordinate with multidisciplinary research teams to execute clinical trials for cardiology research, including patient enrollment, qualification visits, and site initiation visits
- Define strategies for patient recruitment, build strategic partnerships with healthcare organizations, and develop new recruitment channels, resulting in a 120% increase in patient retention and a 50% reduction in associated recruitment costs
- Establish new documentation review protocols to ensure GCP regulatory compliance and reduce delays associated with IRB compliance by 40%

CLINICAL RESEARCH ASSOCIATE

St. John's Medical Center,
Miami, FL
May 2017 – September 2019

- Identified investigators, led patient recruitment initiatives, performed site initiatives visits (SIV), and conducted pre-study activities for oncology clinical research trials
- Managed preparation of documentation for IRB submissions and patient enrollment, including study protocols, consent forms, and confidentiality agreements
