

Professional Experience

Lab Assistant

DNA Testing Solutions, New York, NY | October 2019 – Present

- Coordinate with the lab manager and a team of assistants to perform testing in an ISO 9001 certified laboratory, including equipment decontamination and sample storage
- Conduct DNA extraction for samples, analyze reagents, and perform testing on samples to ensure compliance with quality standards
- Identify opportunities to improve lab efficiency by automating data entry and pre-analytical processes, resulting in a reduction of 10 work hours per week

Lab Assistant

Kellerman Laboratories, New York, NY | May 2018 – October 2019

- Managed data entry, labeling, and storage of DNA specimens for a clinical testing site and ensured compliance with lab safety requirements and quality assurance policies
- Created lab reports on testing results, reagent quality, and sample issues
- Performed sanitation and decontamination activities for laboratory environments

Education

Bachelor of Science (B.S.) Biology

Columbia University, New York, NY | September 2014 - May 2018

Certifications

- Certified Medical Laboratory Assistant (CMLA), 2018
