

# JOSEPH CORBIN

Boston, MA 12345 | (123) 456-7890 | joseph@example.com | www.linkedin.com/example

Dedicated and resourceful occupational therapist with over 10 years of advancement and experience at major hospitals. Skilled in helping patients chart a return to daily life following an illness, injury, or major surgery. Praised by colleagues and managers for quickly assessing challenges and finding new ways to optimize patient outcomes.

Make highly informed care recommendations by closely reviewing each patient's health status, priorities, and home or work environment. Natural coach and mentor who recently helped devise OT training measures and principles adopted by other hospital disciplines. Augment OT expertise with commitment to efficiency, collaboration, and process improvement.

## PROFESSIONAL EXPERIENCE

### OCCUPATIONAL THERAPIST

Massachusetts General Hospital,  
Boston, MA | April 2018 to present

- Create personalized OT treatment plans for diverse patients at this major regional hospital facility
- Assist patients with ADLs such as bathing, dressing, and food preparation to support recovery and gauge readiness for discharge from hospital
- Coordinate with physical therapist to help determine and recommend next phase of each patient's recovery, drawing on broad knowledge of available rehab, home health, and other services
- Contribute ideas and strategies to streamline operations, standardize policies, and advance team success
- Co-developed training modules that helped enhance onboarding and performance of newly hired OT assistants

### OCCUPATIONAL THERAPIST

Boston Medical Center, Boston, MA |  
January 2012 to April 2018

- Helped patients carry out ADLs to facilitate recovery and discharge planning at this large health care facility
- Consulted with patients to help set clear, attainable goals for regaining mobility and resuming daily work, life, and social activities
- Provided a detailed update after patient consults to ensure nurses' full awareness of progress and any ongoing concerns
- Demonstrated early leadership overseeing and motivating three OT assistants. Gained appreciation for coaching as the primary means to tap employee talents and drive team success
