PROFESSIONAL EXPERIENCE

NURSE EDUCATOR
Miami Hospital, Miami, FL
May 2012 – Present

- Coordinate with management teams to evaluate patient care metrics and identify training needs for a nursing department with 125+ personnel
- Create training programs on infection prevention and Covid-19 safety protocols in response to the global pandemic and lead efforts to provide resources and support to medical teams dealing with mental and emotional trauma
- Spearhead initiatives to drive the professional development of registered nurses through leadership training seminars and provide ongoing coaching and mentorship

REGISTERED NURSE
Syracuse Hospital, Syracuse, NY
May 2012 – May 2012

- Managed the delivery of training programs to nursing teams, coordinated all aspects of the onboarding process, created training resources, and collaborated with nurse managers to integrate patient feedback into curriculum
- Developed curriculum, created training modules, and identified opportunities to improve clinical workflows based on patient-care data and nurse performance metrics
