Professional Experience

Pest Control Worker / Fumigator
EZ Pest Prevention, Minneapolis, MN | July 2018 to Present

- Long-running, family-owned pest control company.
- Seal building interiors and use fumigants to eliminate major infestations
- Closely follow treatment instructions and monitor job sites to minimize health and safety risks
- Recently moved into a leadership role training and supervising new technician hires
- Designed new integrated pest management program that improved service quality and customer satisfaction

Pest Control Worker
FZG Pest Management, Inc., Minneapolis, MN | July 2013 to July 2018

- Member of team focused on removing mice, squirrels, birds, and other wildlife from local homes and apartment buildings
- Provided cost estimates based on careful assessment of work scope and services required for each client
- Facilitated revenue growth by suggesting and selling additional products to customers as appropriate
