Professional Experience

Ultrasound Technician

Manhattan Medical, New York, NY | May 2018 – Present

- Coordinate with the radiologist to analyze and present images to support interventional procedures and identify appropriate treatment plans based on medical data
- Collaborate with multidisciplinary teams, ultrasound technicians, and radiologists to identify quality improvement opportunities, resulting in an increase from 11 transthoracic echocardiograms (TTEs) completed per day to 13
- Conduct maintenance on ultrasound equipment to ensure optimal functionality and conduct quality assurance testing to enhance image quality

Ultrasound Technician

Brooklyn General Hospital, New York, NY | May 2016 – May 2018

- Performed diagnostic ultrasound exams in coordination with radiologists, including abdominal, breast, gynecological, and scrotal procedures
- Conducted quality control inspections and preventative maintenance on imaging equipment, diagnosed root causes of malfunctions, and ensured optimal functionality
- Executed quality assurance reviews to ensure the quality of ultrasound images
