PROFESSIONAL EXPERIENCE

IT MANAGER

Innovate Tech Solutions Inc.,
Seattle, WA
November 2015 — Present

- Manage enterprise-level implementation projects valued at up to $4M, serve as the point of contact for client stakeholders, ensure alignment with customer business requirements, and lead the IT Department with over 50+ personnel
- Identify solutions for a critical issue impacting an at-risk client account valued at $3M in coordination with the CTO and IT Director, resulting in retention of the client
- Coordinate with project teams to aid client businesses in migration from on-premises to cloud infrastructure, resulting in an average cost reduction of 30% for customers

IT MANAGER

Seattle Technology Corp.,
Seattle, WA
May 2011 — November 2015

- Oversaw the planning and execution of large-scale IT infrastructure projects, led diverse project teams with up to 15+ team members, created design specifications, and identified opportunities to reduce project delivery timelines by up to 20%
- Coordinated with C-level executives and senior leadership teams to define long-term objectives for the IT department and create overarching business strategies
