Professional Experience

Senior Cyber Security Analyst

Titan Materials Corp., Miami, FL | October 2016 – Present

- Spearhead the integration of AI-powered cyber security solutions to prevent threats, intrusions, and breaches for sensitive data related to a multi-million-dollar supply chain
- Oversee the cyber security department with over 20+ personnel and coordinated cross-functionally with the IT Director and CTO to refine security protocols
- Conduct comprehensive security assessments and audits on ransomware risks and identify opportunities to enhance data security through cloud database migrations

Cyber Security Analyst

Roland Defense Corp., Miami, FL | May 2011 – October 2016

- Supported the development and implementation of new security protocols to prevent emerging supply chain threats related to malware and ransomware
- Monitored potential security threats, created security logs on unauthorized access attempts and potential breaches, and developed disaster recovery procedures
