A Certified Dental Assistant with three years of experience specializing in intra-oral techniques, patient care, dentistry, and communication. Adept at delivering medical support to dentists and keeping patients calm during oral surgeries and procedures.

Education

Associate of Applied Science
(A.A.S.) Dental Assisting
Seattle Central College, Seattle, WA
September 2018 – June 2020

Key Skills

- Oral Care
- Patient Education
- X-ray Exams
- Surgical Support
- Intra-oral Techniques

Certifications

- Certified Dental Assistant, DANB, State of Washington, 2020

Professional Experience

Dental Assistant

Rockstar Smiles, Seattle, WA | October 2021 – Present

- Conduct panoramic dental X-rays to diagnose cavities, impacted wisdom teeth, and other dental conditions and provide education to patients on findings
- Provide support to dentists during root canals, extractions, and other dental procedures, including sterilizing instruments to prevent infection
- Create dental impressions, mix compounds in the laboratory, assist with denture fittings, and maintain inventory levels for dental equipment and supplies

Dental Assistant

Smile Better Dentistry, Seattle, WA | June 2020 – October 2021

- Delivered support to dental teams for a variety of oral procedures, including wisdom teeth extractions, fillings, and root canals
- Educated patients on proper dental hygiene, brushing, and flossing techniques to prevent cavities and gum disease
