Professional Experience

Real Estate Photographer

Cosmos Advertising, Indianapolis, IN | July 2018 – Present

- Collaborate with real estate agents and creative directors to determine best shots, angles, and lighting to capture RAW and 3D images of properties, contributing to a 30% increase in sales consultations on Zillow
- Utilize a variety of techniques and equipment to enhance image quality, including use of natural light for difficult spaces
- Retouch photographs to enhance image quality, shading, color, and lighting for photographs using digital editing software

Commercial Photography Intern

Expert Studios, Indianapolis, IN | January 2018 – June 2018

- Supported photographers with setting up shots, including lighting, flashes, and backgrounds, for products
- Operated drone photography equipment for commercial photographs of large machinery
- Completed digital edits of photographs using Adobe Photoshop, including retouching and adding digital effects
