A passionate UX designer with three years of professional experience specializing in the development of accessible technologies to promote empathy and understanding. Adept at collaborating with diverse teams to incorporate different viewpoints and ensure technological solutions meet the needs of all users.

PROFESSIONAL EXPERIENCE

UX DESIGNER

Black Cat Apps, San Francisco, CA | November 2021 – Present

- Oversaw UX design for the development of three mobile apps with over 10M downloads to date, resulting in coverage of applications from Mashable and Techcrunch
- Collaborate with designers, developers, research managers, and producers to develop creative solutions that are accessible to users with diverse needs
- Conduct front-end programming using HTML 5, CSS, and JavaScript to develop and build web-based prototypes

JUNIOR UX DESIGNER

Excelsior Design Solutions Inc., San Francisco, CA | May 2020 – November 2021

- Performed user research to identify opportunities for improving client's web presence, which included intuitive site navigation to decrease bounce rates by 27%
- Supported with usability testing for landing pages in preparation for website redesign
- Produced wireframes that contributed to user-centered design efforts for the development of four new mobile applications
